

Standard IDE All-in-One Media Drive

□ □ □ □ □ □ with Read-Only Function

Overview

All-in-One Media Drive

Read-Only All-In-One Media Drive supports all popular digital media cards in a single 3.5" compact design that fits into any standard floppy disk bay. It is equipped with four active sockets, and a unique "self-adjusting" icon that instantly displays the media type in use. Standard IDE unit utilizes IDE/ATAPI interface, and allows to select various adapters to meet evolving flash media needs.
